Odion David Oluwaseyi

Web Developer | Portfolio: https://dveenity.github.io

Davidodion898@gmail.com | +2347046745738, +2348187047980 | GitHub: Dveenity | LinkedIn: David Odion

Detailed oriented Web Developer with about 3 years' experience of learning and creating fascinating end products with HTML, CSS, JavaScript, React, Node, Express and MongoDB. Vast at both independent and collaborative projects, either with Frontend or Backend or both with an emphasis on website development, data structures and working with database.

SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript, ReactJS

Backend: NodeJS, Express, MongoDB

Tools: VS Code, Version Control with Git and GitHub, Web Performance Optimization (WPO), SEO, Website implementation, UX/UI Assessment

PROJECTS

Data Crypto   2024
Lead Developer
- Single handedly developed a web app for cheap data and airtime purchases in my country Nigeria
- Made the UI simple and easy to use by almost everyone
- Working on adding more services and features to further make life easier for its users...
      The website and code repository are available on my portfolio website and github respectively

Landing Page   2023
- Developed a revolutionary landing page for a private startup tech company
- Helped improved the company's productivity by up to 20%

Other Projects in in my Portfolio which further showcase my skills and problem-solving capacity includes: An advanced Todo Web app – React, Calculator which shows answers and inputted values, Weather app.

EXPERIENCE

Freelancer   2021 - 2024
- As a freelancer, I've gained experience on working with different employee's and bringing their ideas to life
- Worked independently and in collaboration with other developers, so i am able to adapt and adjust to any situation
- Working as a freelancer has sharpened my programming skills and made me more diverse

Krux Enterprises   2023
Web Developer Tutor
- Trained, coached and tutored students on web development
- With my teachings and guidance, my students were able to build their first responsive website and on their way to be a web developer

EDUCATION

Helpers International School   2010 – 2016
S.S.C.E
